SUMMARY

A technically versatile and detail-oriented professional with hands-on experience in design, 3D art, and development. Comfortable handling both creative and technical aspects of projects, from design to professional deployment and system management. Familiar with using AI tools and modern technologies (such as React, Next.js, Python (Django), AWS, Cloudflare, Firebase, and MongoDB) to improve workflow efficiency and build practical digital solutions. Focused on delivering clean, functional, and reliable results in fast-paced work environments.

EXPERIENCE

3D Artist

4 Months

Astro Invite · Sector 150, Noida
